INDEX TO VOLUME 80

POSTGRADUATE MEDICINE

JULY-DECEMBER 1986

SUBJECTS

ACCIDENTS, TRAFFIC
• Sleep-induced, illustrative cases, legal and ethical concerns. 80(5): 233*
ACQUIRED IMMUNE DEFICIENCY SYNDROME (AIDS)
• HTLV-III infection, diagnosis and treatment. 80(4):135*
• Transfusion-transmitted, frequency, prevention. 80(8):223
AGING
• Alzheimer's disease, clinical course and treatment. 80(1):99*
• Benefits of physical activity, exercise guidelines. 80(3):91*
• Brain, past and present understanding. 80(6):99*
• Mental incompetence, obtaining informed consent. 80(5):81
• Urinary incontinence, diagnosis and nonsurgical treatment. 80(2): 253*
AIDS: See Acquired immune deficiency syndrome (AIDS)
AIR TRAVEL
• Medical contraindications. 80(8): 54, 59, 62
AIRWAY OBSTRUCTION
• Chronic, assessment and management. 80(2):56
ALLERGY
• Role in drug fever. 80(5):123
ALZHEIMER'S DISEASE
• Etiology, clinical course and treatment. 80(1):99*
ANEMIA
• Definition, classification schemes in clinical assessment. 80(6):83*
ANGINA PECTORIS: See Cardiovascular diseases
ANTIBIOTICS: See Drugs, antibiotic
ARRHYTHMIAS: See Cardiovascular diseases
ARTHRITIS: See Rheumatic diseases
ATROPHY
• Subcutaneous, at site of corticosteroid injection. (CR) 80(4):159
AUTOPSY
• To assure quality medical practice. (PH) 80(2):32

BEHAVIOR DISORDERS
• In children, effect of malnutrition. 80(5):225*
BEHAVIORAL MEDICINE
• In treating insomnia. 80(4):154

BIOPSY
• Aspiration, fine-needle, for thyroid nodules. 80(4):62
• Aspiration, in diagnosis of prostatic cancer. 80(1):217
• Pleural. 80(5):184
• Techniques for head and neck cancer. 80(1):79
BLOOD GLUCOSE
• Control with insulin therapy. 80(1):191*
BLOOD TRANSFUSION
• Risk of infection, frequency, methods of transmission. 80(8): 219*
BRAIN
• Aging, past and present understanding. 80(6):99*
BURNS
• In children, treatment. 80(2):241

CALCIUM
• Metabolism, hypercalcemia, cause of occult sarcoidosis, diagnosis and treatment. (CR) 80(5):311
• Replacement in adolescent athlete with amenorrhea. 80(5):253
CANCER: See Neoplasms
CARDIOVASCULAR DISEASES
• Angina pectoris, current treatment perspectives. 80(6):189*
• Angina pectoris, evaluation. 80(6):175*
• Angina pectoris, pathophysiology. 80(6):148*
• Bradycardia, relative, sign of drug fever. 80(5):124
• Cardiac arrhythmias, diagnosis and treatment. 80(3):38*
• Cardiac emergencies during air travel, treatment guidelines. 80(8): 59, 64, 66
• Carotid artery atherosclerosis, noninvasive testing, role in diagnosis of stroke. 80(4):105*
• Cause of syncope. 80(1):169
• Cerebrovascular, stroke: See Stroke
• Coronary arteriography using brachial artery catheterization, technique and advantages. 80(4): 73*
• Coronary artery bypass surgery, physician's recovery. (OP) 80(5):91
• Effect on sexuality, problem areas in rehabilitation program. 80(1):58*
• Hypertension, evaluation and treatment. 80(7):28*
• Hypertension in autonomic dysreflexia, treatment. 80(2):84
• Hypertension, secondary, diagnosis. 80(1):139*
• In postmenopausal women, effect of estrogen replacement therapy. 80(6):263
• Ischemia, myocardial, silent, diagnosis and treatment. 80(6):165
• Ischemic heart disease, anticoagulation treatment. 80(8):205
• Mitral valve prolapse in children, diagnosis and management. 80(5): 257*
• Mitral valve prolapse in children, family practice perspective on diagnosis and treatment. 80(6):137
• Nonvalvular atrial fibrillation, anticoagulation treatment. 80(8):204
• Pacemakers, indications, government review procedures. 80(2): 123*
• Valvular heart disease, anticoagulation treatment. 80(8):204
• Varicose veins, management, Straub Clinic experience. 80(4):51*
• Vasospasm, secondary to ergotism, nifedipine treatment. (CR) 80(2):263
• Venous thromboembolism following hip surgery, screening methods. 80(4):42*
CATHETERIZATION
• Brachial artery, percutaneous, technique and advantages. 80(4): 73*
• Cardiac, in evaluation of angina pectoris. 80(6):183
• Catheter-related fungemia, diagnosis and treatment. 80(1):132
• In management of urinary incontinence in elderly. 80(2):258, 261
CHEMOTHERAPY: See Drugs, antineoplastic
CHILD ABUSE
• Sexual, evaluation. 80(2):201
CHILD DEVELOPMENT
• Effect of poor nutrition. 80(5): 225*
CLINICS, MEDICAL
• Series wrap-up. (ED) 80(6):21; Part 2. 80(7):13
• Straub, philosophy, history. (ED) 80(4):13
COCAINE
• "Crack," new drug epidemic. 80(5):52*
COLONIC DISEASES: See Gastrointestinal diseases
CONSTIPATION
• Cause of fecal incontinence. 80(3):128
CORTICOSTEROIDS: See Drugs, corticosteroid

DELIVERY OF HEALTHCARE
• Cost-effectiveness versus quality. (ED) 80(2):13
• Effects of corporate medicine. (PH) 80(3):26
• Emergency services, redefining in today's cost-conscious economy. (OP) 80(5):107
• Major US medical clinics, series wrap-up. (ED) 80(6):21; Part 2. 80(7):13
• Straub Clinic and Hospital, philosophy, history. (ED) 80(4):13
DENTAL DISEASE
• Oral cancer, screening. 80(2): 231*
DEPRESSION
• Cause of sexual dysfunction in patients with coronary artery disease. 80(1):67
• Holiday, interventions. (ED) 80(8):21
• Masked, diagnosis and treatment. 80(3):165*
• Postpartum, overview, treatment. 80(8):133, 141
DERMATITIS
• Acute, in children, recognition and treatment. 80(2):242
DIABETES
• Cause of fecal incontinence. 80(3):126
• Fungal infection, risk factors, diagnosis and treatment. 80(2):93*
• Insulin therapy, need for good glucose control. 80(1):191*
• Management, patient education and participation. 80(6):67*
• Treatment with human insulin. 80(1):181*
DIAGNOSTIC TECHNIQUES
• Aspiration biopsy cytology for diagnosis of prostatic cancer. 80(1): 217
• Bone scan for diagnosis of prostatic cancer. 80(1):220
• Double-contrast barium examination in inflammatory bowel disease. 80(3):140
• Fine-needle aspiration biopsy of thyroid nodules. 80(4):62*
• For cardiac arrhythmias. 80(3): 38
• For head and neck cancer. 80(1): 78
• In evaluation of syncope. 80(1): 175
• In inflammatory bowel disease. 80(3):139*
• In pleural effusion. 80(5):170
• Neuroimaging in stroke, techniques. 80(4):117
• Noninvasive testing for carotid artery atherosclerosis, role in diagnosis of stroke. 80(4):105
• Pleural fluid analysis. 80(5):181
• Thoracoscopy. 80(5):184
• Transrectal prostatic ultrasonography for diagnosis of cancer. 80(1):222
DISASTERS
• Role of non-emergency physician. 80(2):115*
DRUG ABUSE
• "Crack," new drug epidemic. 80(5):52*
• In sports, physician's view. 80(8):213

continued

*Major clinical discussion
CR, Case Report
ED, Editorial
OP, Opinion
PH, Physician-at-Large
VP, Viewpoint

DRUG THERAPY
• Combination therapy for angina pectoris. 80(6):195
• Estrogen-progestogen replacement therapy in postmenopausal women. 80(6):261*
• For Alzheimer's disease. 80(1):103
• For angina. 80(6):148
• For childhood migraine. 80(5):303, 304
• For connective tissue diseases. 80(2):194
• For esophageal spasm. 80(6):76
• For insomnia. 80(4):155
• For urinary incontinence in the elderly. 80(2):256
• Neuroleptic agents, potential for neuroleptic malignant syndrome. 80(3):171*
DRUGS, ADVERSE REACTIONS
• Drug fever, diagnostic features. 80(5):123*
• Ergotism, associated vasospasm, responsive to nifedipine. (CR) 80(2):263
• Subcutaneous atrophy after corticosteroid injection. (CR) 80(4):159
DRUGS, AMEBICIDE
• For vaginitis. 80(8):236
DRUGS, ANALGESIC
• For childhood migraine. 80(5):303
• For osteoarthritis. 80(2):162
DRUGS, ANTACID
• For esophageal spasm. 80(6):76
DRUGS, ANTIANGINAL
• Combination therapy for angina pectoris. 80(6):195
• Nitrates, for angina pectoris. 80(6):192; For esophageal spasm. 80(6):76; For exertional angina. 80(6):152; For Prinzmetal's angina. 80(6):159; For unstable angina. 80(6):161
DRUGS, ANTIARRHYTHMIC
• Beta blockers for angina. 80(6):152, 154; 80(6):193
• For cardiac arrhythmias. 80(3):46-8, 51, 54
• For Prinzmetal's angina. 80(6):159
• For unstable angina. 80(6):161
DRUGS, ANTIBIOTIC
• Cause of colitis. 80(6):226
• Cephalosporins, for bacterial meningitis. 80(3):69, 70
• For bacterial meningitis. 80(3):69
• For chronic obstructive pulmonary disease. 80(2):58
• For leptospirosis. 80(8):128
• For pleural effusion caused by infection. 80(5):216
• For treatment and prevention of surgical infections. 80(7):80
• For urinary tract infection. 80(5):140
• For urinary tract infection in infants and children. 80(6):238
• In treatment and prevention of hand infections. 80(7):109
• Prophylaxis for surgical infections. 80(7):91
DRUGS, ANTICOAGULANT
• For short-term management of TIA. 80(8):200
• For stroke treatment and prevention. 80(8):199*
• Heparin, for management of cardiogenic brain embolism. 80(8):203
DRUGS, ANTIDIABETIC
• Insulin: See Insulin
DRUGS, ANTIEMETIC
• For childhood migraine. 80(5):303, 304
DRUGS, ANTIFUNGAL
• For *Candida* infection. 80(1):129
• For rhinocerebral zygomycosis in diabetics. 80(2):99
• For vaginitis. 80(8):235
DRUGS, ANTIHYPERTENSIVE
• For mild to severe hypertension. 80(7):44, 46
• Hydralazine, for esophageal spasm. 80(6):76
DRUGS, ANTIINFLAMMATORY
• For osteoarthritis. 80(2):158
DRUGS, ANTINEOPLASTIC
• Combination chemotherapy for lung cancer. 80(6):122
• For viral diseases. 80(1):109*
• Single-agent chemotherapy for lung cancer. 80(6):121
DRUGS, ANTISPASMODIC
• For osteoarthritis. 80(2):158
DRUGS, ANTIVIRAL
• Recent advances. 80(1):109*
DRUGS, BENZODIAZEPINE
• For insomnia. 80(4):155, 156
DRUGS, BRONCHODILATOR
• For chronic obstructive pulmonary disease. 80(2):61
DRUGS, CALCIUM CHANNEL BLOCKER
• For angina pectoris. 80(6):194
• For esophageal spasm. 80(6):76
• For exertional angina. 80(6):152, 153, 154
• For Prinzmetal's angina. 80(6):159
• For unstable angina. 80(6):161
DRUGS, CORTICOSTEROID
• Depocorticosteroids for osteoarthritis. 80(2):162
• For acute respiratory failure in COPD. 80(2):64
• Injection, local subcutaneous atrophy. (CR) 80(4):159
DRUGS, DIURETIC
• For hypertension. 80(7):44
DRUGS, HORMONE ANTAGONIST
• Androgen antagonists for advanced prostatic cancer. 80(1):250
DRUGS, HORMONE, ESTROGEN
• Estrogen-progestogen replacement therapy for postmenopausal women. 80(6):261*
• For fibromyalgia. 80(4):170, 171
• Replacement, for amenorrhea in adolescent athletes. 80(5):250
DRUGS, NARCOTIC
• "Crack," new drug epidemic. 80(5):52*
DRUGS, NEUROLEPTIC
• Neuroleptic malignant syndrome. 80(3):171*
DRUGS, NONSTEROIDAL ANTIINFLAMMATORY
• For ankylosing spondylitis. 80(2):176
• For arthritis. 80(8):177
DRUGS, PLATELET INHIBITOR
• For angina pectoris. 80(6):194
DRUGS, SALICYLATE
• Aspirin, in long-term management of TIA. 80(8):200
DRUGS, SIDE EFFECTS
• Neuroleptic malignant syndrome. 80(3):171*

EAR DISEASES
• Otalgia, primary or secondary, causes, diagnosis, and treatment. 80(6):50*
ELDERLY: See Aging
ELECTROCARDIOGRAPHY
• Ambulatory monitoring in evaluation of angina pectoris. 80(6):182
• In evaluation of angina pectoris. 80(6):177
EMBRYO
• Human, ethics of research. (OP) 80(1):204
EMERGENCY MEDICINE
• Autonomic dysreflexia in spinal cord–injured patients, diagnosis and treatment. 80(2):81*
• Disasters, role of non–emergency physician. 80(2):115*
• Electrocution. (ED) 80(5):21
• Hand injuries, emergency management. 80(5):97*
• Medical emergencies during air travel, guidelines for "good samaritan" physicians. 80(8):54*
• Occult cervical spine fractures, x-ray guidelines. (CR) 80(2):73
• Penetrating neck wounds, evaluation and management. 80(1):155*
• Redefining emergency services in today's cost-conscious economy. (OP) 80(5):107
ENDOCRINE DISORDERS
• Cause of hypertension, diagnosis. 80(1):141
• Diabetes: See Diabetes
• Primary hypothyroidism, laboratory monitoring using immunoradiometric assay for TSH. 80(4):145*
• Thyroid disease, techniques for assessing thyroid function. 80(2):219*
• Thyroid nodules, fine-needle aspiration biopsy, to minimize need for surgery. 80(4):62*
• Thyroiditis, acute suppurative, diagnosis and treatment. (CR) 80(8):100
• Thyroiditis, postpartum, causes, manifestations, and treatment. (CR) 80(8):147
ENVIRONMENTAL HAZARDS
• Contaminated water, cause of hand infections, management. 80(7):116
• Contaminated water, cause of leptospirosis, illustrative cases, public health measures for treatment and prevention. 80(8):121*
• Marine-acquired infections, diagnosis and treatment. 80(4):30*
ETHICS
• Questions on justice and retribution. (PH) 80(5):30
ETHICS, MEDICAL
• Concerns in sleep-induced driving accidents. 80(5):238
• Human embryo research. (OP) 80(1):204
• Informed consent from mentally incompetent elderly. 80(5):81
EXERCISE
• For elderly, benefits, guidelines. 80(3):91*
• In adolescence, cause of amenorrhea, treatment and prevention. 80(5):245*
• In osteoarthritis. 80(2):162
• In rehabilitation program for arthritic patients. 80(8):181
• Winter sporting accidents, neurologic injuries. (VP) 80(8):88
EXERCISE TEST
• In evaluation of angina pectoris. 80(6):177

EYE DISORDERS
• Eyelid problems, diagnosis and treatment. (VP) 80(2):271

FAMILY
• Single parent, how physicians can help. 80(2):137*
FEVER
• Drug, importance of early recognition. 80(5):123*
FUNGI
• Zygomycetes, cause of life-threatening infection in diabetics, diagnosis and treatment. 80(2):93*

GASTROINTESTINAL DISEASES
• Crohn's disease, diagnosis and evaluation. 80(3):139, 143
• Epithelial polyps of large intestine, classification. 80(5):113*
• Esophageal spasm, cause of atypical chest pain. 80(6):73
• Fecal incontinence, causes and treatment. 80(3):123*
• Gastric volvulus, diagnosis and treatment. 80(5):279*
• Idiopathic inflammatory bowel disease, diagnostic features. 80(6):219*
• Intraabdominal infections, diagnosis and treatment. 80(7):94
• Prevention. 80(3):106*
• Ulcerative colitis, diagnosis and evaluation. 80(3):139, 145
GENITAL DISEASES
• *Candida* infection, diagnosis and treatment. 80(1):129*
• Male, testicular cancer, self-examination. (VP) 80(4):175
• Vaginitis, causes and treatment. 80(8):231*
GERIATRICS: See Aging
GYNECOLOGY: See Obstetrics/Gynecology

HAND
• Infections, antibiotic treatment and prophylaxis, surgical drainage, historical sketch. 80(7):107*
• Infections, overview of causes, management. 80(7):112*
• Injuries, emergency management. 80(5):97*
HANDICAPPED
• Mentally, elderly, obtaining informed consent. 80(5):81
HEADACHE
• Migraine in children, diagnosis and management. 80(5):301
HEALTH PROMOTION
• Health-risk appraisals, clinical applications. 80(8):69
• Lifetime health monitoring, sample plans. 80(5):145
HEART DISEASE: See Cardiovascular diseases
HEMATOLOGIC DISEASES
• Anemia, definition and classification schemes in clinical assessment. 80(6):83*
HEMOCHROMATOSIS
• Hereditary, clinical manifestations and management. (CR) 80(3):75
HEMOPHILUS INFLUENZAE
• In meningitis, diagnosis and treatment. 80(3):59*
HEPATITIS
• Preventive measures. 80(3):110
• Transfusion-transmitted, frequency, prevention. 80(8):220

HIP
- Joint replacement of fracture repair, risk of postoperative venous thromboembolism, screening methods. 80(4):42*

HISTORY
- importance in determining cause of syncope. 80(1):171
- In child sexual abuse cases. 80(2):202

HISTORY OF MEDICINE
- Past understanding of the brain and how it ages. 80(6):99*

HOLIDAYS
- Associated depression, interventions. (ED) 80(8):21

HOLISTIC HEALTH
- Combined with traditional medical practice. (OP) 80(8):209

HOME CARE
- Cardiorespiratory monitoring for infants with apnea or at risk for SIDS. 80(1):267

HOSPITALS, COMMUNITY
- Disaster planning. 80(2):115

HOSPITALS, SPECIAL
- Children's, reflections on past, present, and future. 80(6):245

HYPERCALCEMIA
- Cause of occult sarcoidosis, diagnosis and treatment. (CR) 80(5):311

HYPERTENSION: See Cardiovascular diseases

HYPERTHYROIDISM
- Screening test. 80(2):219

HYPOTHYROIDISM
- Primary, laboratory monitoring using immunoradiometric assay for TSH. 80(4):145*
- Screening test. 80(2):220

IMMUNIZATION
- For influenza virus, in management of COPD. 80(2):58
- Influenza, guidelines. 80(8):241
- Lesson from the past. (OP) 80(6):255

IMMUNOLOGIC DISEASES
- AIDS: See Acquired immune deficiency syndrome (AIDS)
- In fibromyalgia, research findings. 80(7):62

INFANTS
- Apnea, evaluation and management. 80(1):267*
- Health monitoring, sample plan. 80(5):148
- Urinary tract infection, evaluation and management guidelines. 80(6):235

INFECTION
- Acute suppurative thyroiditis, diagnosis and treatment. (CR) 80(8):100
- Blistering diseases in children, recognition and treatment. 80(2):241*
- Bread mold, or rhinocerebral zygomycosis, in diabetes, risk factors, diagnosis and treatment. 80(2):93*
- Candidal, guide to diagnosis and treatment. 80(1):129*
- Cause of pleural effusion, diagnosis and management. 80(5):213*
- Colorectal, identification, classification. 80(6):221
- Cytomegaloviral in children, clinical presentation, treatment and prevention. 80(3):179*
- Ear, cause of otalgia. 80(6):50
- Hand, antibiotic treatment and prophylaxis, surgical drainage, historical sketch. 80(7):107*
- Hand, needle-induced, management. 80(7):117
- Hand, overview of causes, management. 80(7):112*
- Herpes zoster, occult, cause of neurogenic bladder. (CR) 80(6):211
- HTLV-III, diagnosis and treatment of "AIDS virus." 80(4):135*
- In sebaceous cyst, excision, technique. (VP) 80(6):128
- Leptospirosis, epidemiologic pattern, diagnosis and treatment. 80(8):121*
- Marine-acquired, diagnosis and treatment. 80(4):30*
- Meningitis, diagnosis and treatment. 80(3):59*
- Surgical, intraabdominal, management. 80(7):91*
- Surgical, surveillance, control. 80(7):74*
- Transfusion-transmitted, frequency, methods of transmission. 80(8):219*
- Urinary tract, evaluation and treatment. 80(5):133*
- Urinary tract in infants and children, evaluation, management guidelines. 80(6):235
- Vaginitis, causes and treatment. 80(8):231*
- Viral, recent advances in antiviral chemotherapy. 80(1):114

INFLAMMATION
- Acute suppurative thyroiditis, diagnosis and treatment. (CR) 80(8):100
- Thyroiditis, postpartum, causes, manifestations, and treatment. (CR) 80(8):147

INFLUENZA
- Update, immunization guidelines. 80(8):241

INSOMNIA
- Diagnosis and treatment. 80(4):151*

INSULIN
- Delivery systems. 80(1):193
- Human, development and clinical use. 80(1):181*
- Therapy, importance of good glucose control. 80(1):191*

INTESTINAL DISEASES: See Gastrointestinal diseases

JURISPRUDENCE
- Informed consent from mentally incompetent elderly. 80(5):81
- Legal implications in sleep-induced driving accidents. 80(5):238
- Questions on justice and retribution. (PH) 80(5):30

KIDNEY DISEASES
- Cause of hypertension, diagnosis. 80(1):139

LABORATORY INVESTIGATION
- Immunoradiometric assay for TSH in monitoring for primary hypothyroidism. 80(4):145*
- In assessing anemia. 80(6):83
- In diagnosis of urinary tract infection in infants and children. 80(6):237
- In diagnosis of vaginitis. 80(8):234
- In evaluation of hypertension. 80(7):35-43, 45
- In urinary tract infection, cost-conscious recommendations. 80(5):139
- Thyroid function tests. 80(2):219*

LIVER DISEASES
- Pyogenic abscess, diagnosis and treatment. 80(7):97

LUNG DISEASES
- Cancer, cutaneous and subcutaneous metastases, clinical characteristics. 80(8):111*
- Cancer, non–small cell, disseminated, treatment guidelines. 80(5):119*
- Chronic obstructive pulmonary disease, drug treatment. 80(2):56*

LYMPHATIC DISEASES
- Sarcoidosis, occult, cause of hypercalcemia, diagnosis and treatment. (CR) 80(5):311

MALNUTRITION
- Cause of learning failure in children. 80(5):225*

MALPRACTICE
- Circumstances that make opponents of physicians and patients. (ED) 80(3):21
- No-win situation. (OP) 80(3):75

MEDICAL PRACTICE
- Changes that may occur as microorganisms are put to work. (PH) 80(6):28
- Circumstances that make opponents of physicians and patients. (ED) 80(3):21
- Combining methods from traditional and holistic medicine. (OP) 80(8):209
- Concerns about preserving quality when instituting cost-effective measures. (ED) 80(2):13
- Effects of corporate medicine. (PH) 80(3):26
- Group, Straub Clinic and Hospital. (ED) 80(4):13

MENINGITIS
- Diagnosis and treatment. 80(3):59*

METABOLIC DISEASES
- Hereditary hemochromatosis, clinical manifestations and management. (CR) 80(3):75
- Hypercalcemia, cause of occult sarcoidosis, diagnosis and treatment. (CR) 80(5):311

MICROBIOLOGY
- Promise for the future. (PH) 80(6):28
- Protozoa, cause of colorectal disease. 80(6):229

MIGRAINE: See Headache

MOUTH DISEASES
- Cancer, screening techniques. 80(2):233
- Tongue: See Tongue diseases

MUSCULOSKELETAL DISORDERS
- Connective tissue diseases, management. 80(2):193*
- Fibromyalgia and menopause, examination of relationship. 80(4):165*
- Fibromyalgia, diagnosis, clinical manifestations. 80(7):47*
- Fibromyalgia, management, research findings. 80(7):57*
- Fractures, physician's personal experience. (ED) 80(1):15
- Hand infections, antibiotic treatment and prophylaxis, surgical drainage, historical sketch. 80(7):107*
- Hand infections, overview of causes, management. 80(7):112*
- Hand injuries, emergency management. 80(5):97*
- Hip joint replacement or fracture repair, postoperative venous thromboembolism, screening methods. 80(4):42*
- In arthritis, initial evaluation. 80(5):65
- Muscle disease in fibromyalgia, research findings. 80(7):62
- Occult cervical spine fractures, x-ray guidelines. (CR) 80(2):73
- Osteoarthritis, diagnosis and treatment. 80(2):150*
- Seronegative spondyloarthropathies, management. 80(2):173*
- Treatment with traction, cervical and lumbopelvic, clinical indications, contraindications, methods of application. 80(8):187

NECK
- Cancer, epidemiologic factors, diagnosis and treatment. 80(1):77*
- Penetrating injuries, emergency evaluation and management. 80(1):155*

NEOPLASMS
- Breast, risk with estrogen replacement therapy. 80(6):266
- Cause of otalgia, diagnosis and treatment. 80(6):50
- Colon, preventive measures. 80(3):112
- Cyst, sebaceous, excision by nontraditional method. (VP) 80(6):128
- Endometrial, risk with estrogen replacement therapy. 80(6):264
- Intestinal polyps, classification. 80(5):113*
- Lung, cutaneous and subcutaneous metastases, clinical characteristics. 80(8):111*
- Lung, non–small cell, disseminated, treatment. 80(6):119*
- Malignant pleural effusions, diagnosis and treatment. 80(5):201*
- Oral, routine screening techniques. 80(2):231*
